NERD CHAIR FURNITURE / LIGHTING / ACCESSORIES

David Geckeler on the design "Through an innovative integration between seat and back and precise detailing, Nerd has a strong personality and a very iconic character. While the appearance of Nerd is unique, the overall expression, material and craftsmanship all have references to classic Scandinavian design values. I am really happy with the result; a chair that stands out as a very personal and distinct interpretation of an all-wood chair."

PROCESS	Veneer is form-pressed into shape for the back and seat, and then glued together with the solid wood legs. Then lacquered.
