

NEU13

By HAY

HAY

Neu's ergonomically moulded shell combined with its round solid wooden legs results in a perfectly defined profile.

The durable, finely-grained plastic adds textural interest, while the rim detail gives the design structure and character. In the upholstered version a delicate stitching line runs across the seat, while a piping detail accentuates the chair's raised rim.

Its robust and comfortable construction and flexible design options makes it the perfect choice for offices or dining rooms.
