

Uncle Jim, Uncle Jack Philippe Starck

Kartell presents Uncle Jack, the revolutionary single mould transparent polycarbonate sofa signed by Philippe Starck. It comes in five different colours – crystal, orange, blue, smoke and green - and is 190 cm long in a single block weighing 30 kg. Uncle Jack is the most daring example in the world of injection moulding technology.

The Uncle collection designed by Philippe Starck adds the Uncle Jim armchair, which also comes in five different shades – crystal, blue, orange, green and smoke. The armchair echoes the lines and sinuosity of Uncle Jack and lends itself to broad range of furnishing needs.
